
Then Then I'll go now!

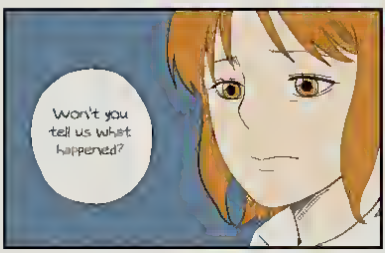
Ah~ Honestly
Mikumo and I are both troubled!



Won't you tell us what happened?

What happened all of a sudden?
I'm not crying...

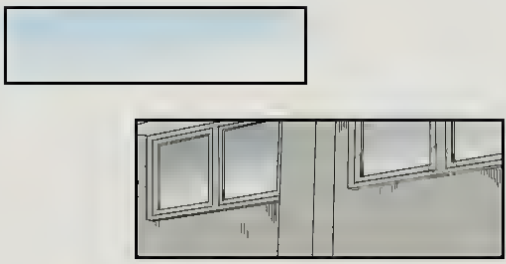
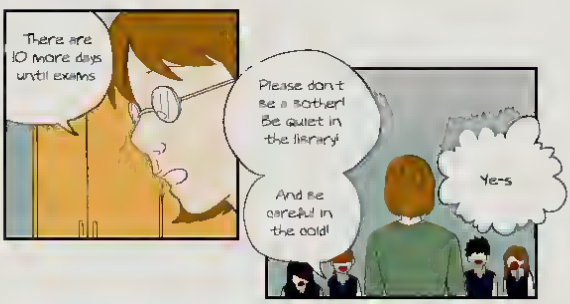
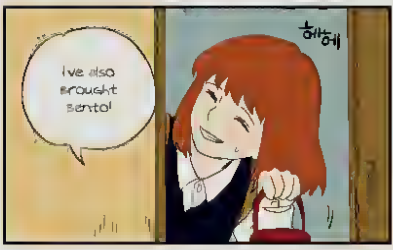
글 그림 모니

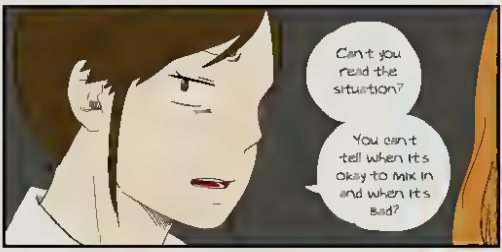




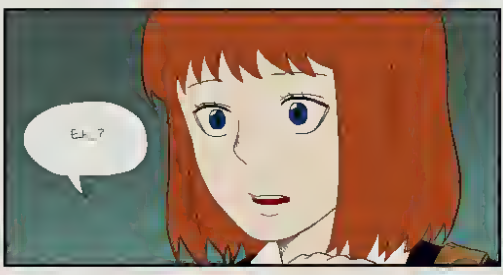
Suwan I was ignored again..



I've also brought bento!

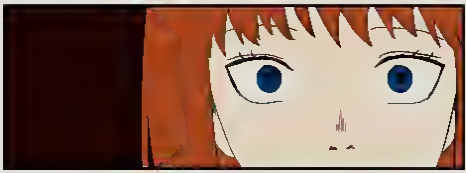


Can't you read the situation?
You can't tell when it's okay to mix in and when it's bad?



Eh_?

What's today's food?
Sorabee
It's
Alabi?



Im
home.

Welcome home
Give me your bento

About that!
I completely forgot to eat it!

You kept bothering me to make it!
I'll eat it now~
As expected of an idiot

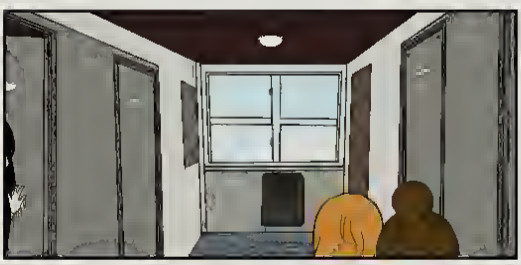
Suwan sigh

Why did you sigh?
Eh? When did I?

Don't get overwhelmed by yourself!
Alright! Let's eat dinner!
We're eating it, sheesh...

Let's ask at school tomorrow!

Tomorrow...



SFX Bang!

I didn't think she was that kind of girl!
She's so shameless!

I don't want to eat lunch with her anymore!
B, But..

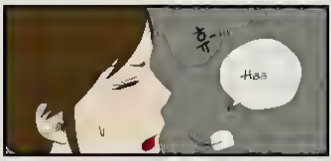
That's why we can look down on her!
Mie! s too timid!

That's not it
Ah~ I want you to get angry!

I'm gonna go talk to her!
N_No! Stop!

If you do that my position will also !

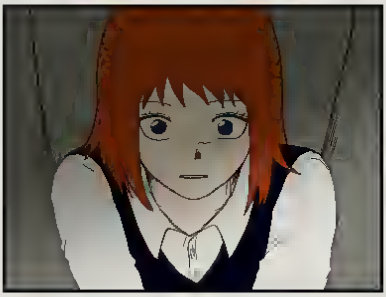
.....!



Haa

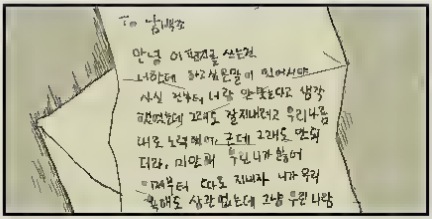
Anyway we won't be eating together
So when it's break come alone

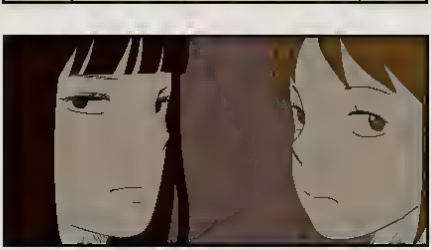
Okay
Ha~ I'm getting angry!

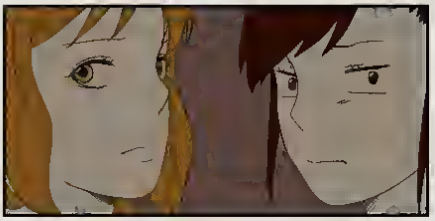


I am hated

To Suwan
Hi I'm writing this letter because I have things to say. Truthfully from before we were thinking of not meeting with Suwan. We tried hard to get along with you but it was no good. Sorry. We hate Suwan. From now on let's go to different groups. You can talk bad about us. We will do the same as Suwan.





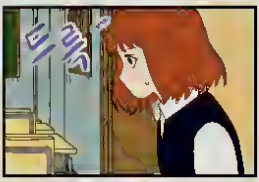


-she said she won't eat
-let's go!
-My stomach's growling!

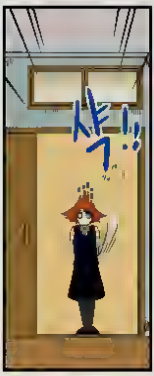
.....
꼬르륵
0o.

SFX grumble..

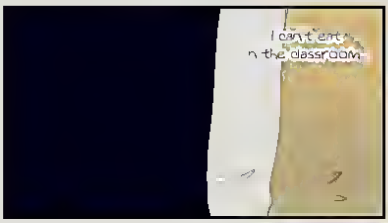
Its no good
Lets just eat ran..



끄덕



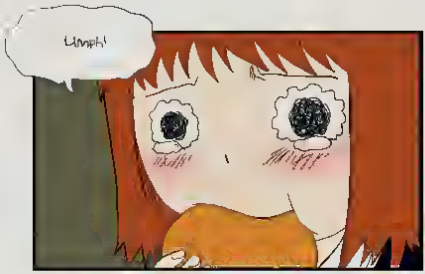
샥!!



I can't eat
n the classroom

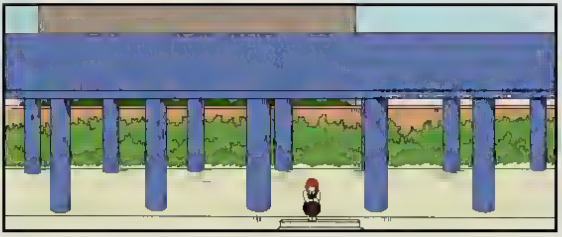
For them to be there of all days
부스럭
부스럭
Since it's an in-one cell phone rule

찌익
Let's eat it before anyone comes
아~



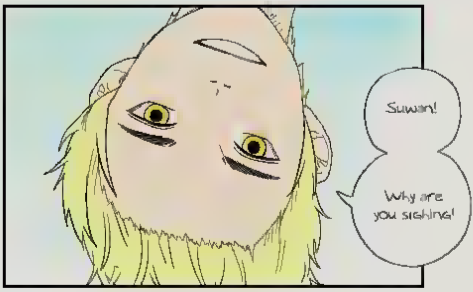
Umph!

쿠웅
쿠웅

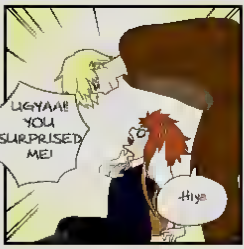


Ah~

The sky is clear Blue and yet
My life is full of clouds..!
Fuu

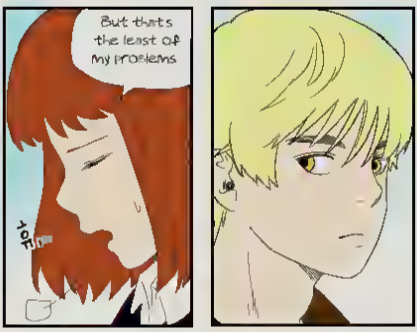


Suwan!
Why are you sighing!

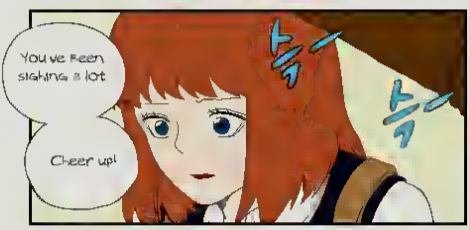


UGYAA!! YOU SURPRISED ME!
Hiya

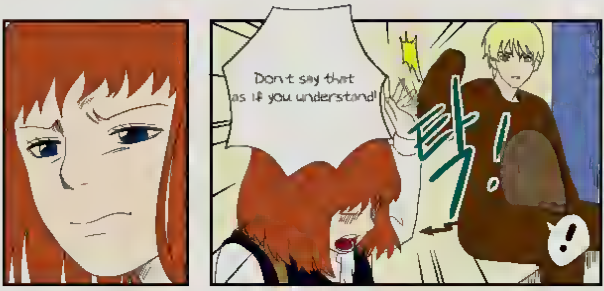
Stop making surprise attacks!
Give me a warning!
But it's funny



But that's the least of my problems
SFX sigh

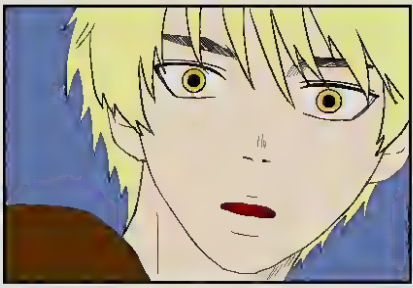


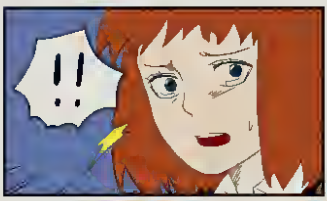
You've been sighing a lot
Cheer up!



Don't say that as if you understand!

Even though you don't know anything!





!!

I'm sorry
Even though it's not Oni-san's fault

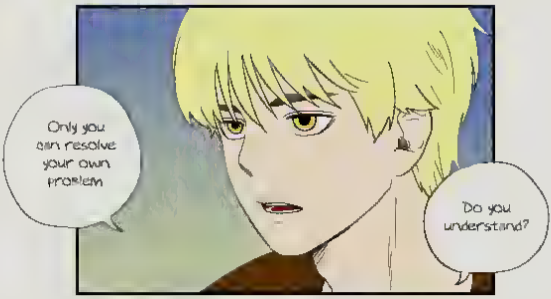
What should I do This is awkward
SFX gulp

I can't look at his face!
Suwan look over here

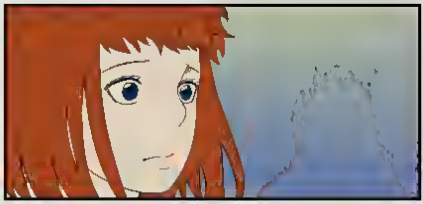
Onii-san!
I'm really sorry It's nothi...

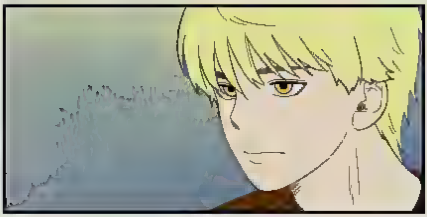
It's true
That's I don't know anything

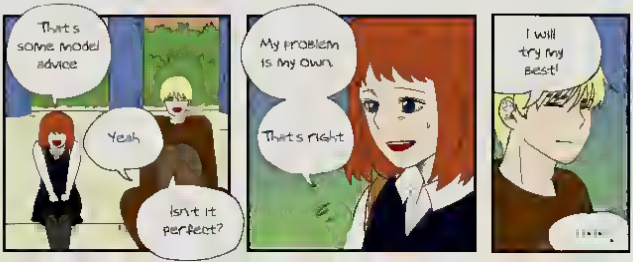
Even if you explained it to me
I wouldn't be able to understand 100%
Even if I could see your imagination
Since I can't become you it's impossible to understand
That's why the entirety of the wound is yours.



Only you can resolve your own problem
Do you understand?





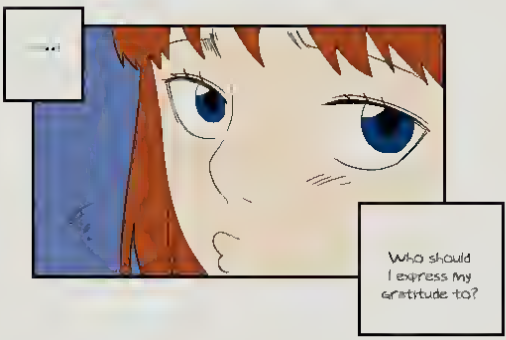


That's some model advice
Yeah
Isn't it perfect?
My problem is my own.
That's right
I will try my best!

100% is impossible
If it's half you can do it
Huh?

When shared joy is doubled and sorrow halved!
Is what you often say right?
Try talking when you're having a tough time
Give half of it to me!

In other words
this is comforting someone



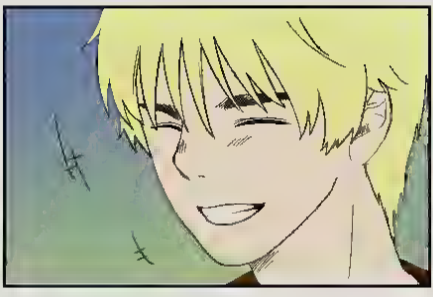
...!
Who should I express my gratitude to?

It's the carrot and the stick

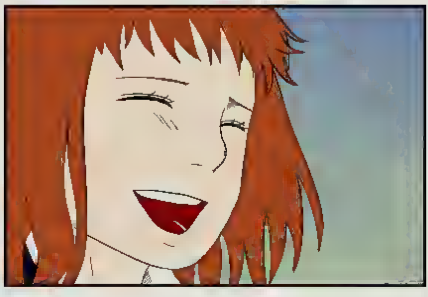
Well I thought of it for you

Tch-

God?
Buddha?
My ancestors?



Whoever it is



Thank you
for letting
me meet
Onii-san.
